

Super B is a world-class and fast growing producer of unique high-end lithium batteries. We supply our batteries to leading manufacturers and distributors in the maritime, shipping, automotive, transportation, logistics, recreational vehicles industry, energy storage & charging and renewable energy solutions.

Super B starter batteries are being used in world-famous performance vehicles. On the other hand we have our intelligent traction and energy batteries which are being used in campers, ferries and yachts.

We have high ambitions in pursuing our goal to become the no. 1 lithium battery producer in the world! We are a fast-moving and dynamic company. We continuously seek for new business opportunities and working to expand our production and R&D facilities.

Just to BE IN CHARGE!

FINANCE MANAGER

For our dynamic organization, we are looking for a fulltime Financial Manager. You will be a part of our Finance team and responsible to manage the team. You are able to convert and edit financial data into usable management information and information for external parties. You will report to the CEO.

Skills and Attitude:

- Responsible for the daily financial administration and the financial policy. You advise other departments and management.
- **Responsible for expanding the financial function** and financial team.
- **Advisory partner on financial and strategic level** for the management team, potential investors, external financial parties and the board.
- **Monitor the financial position and the results of the company.**
- **Taking care of financial reports, the annual accounts, budgeting, etc.**
- **Coordinate and monitor the planning & control cycle** and working capital. Prepare financial multi-year plans and (ad hoc) analyzes.
- **Identify and proactively improve both financial and business processes.**
- **Setting up financial and non-financial KPI's.**

Responsibilities:

- Excellent financial insight and able to understand the story behind the figures and translate them into future policies and actions.
- Relevant managerial experience in an international financial role.
- Business sense and preferably experience in an (automotive) production environment.
- **Bachelor's or Master's degree in a financial direction.**
- Experienced analytical and presentation skills.
- Affinity with IT and experience with ERP and BI tools.
- Hands-on and strategically mind set.
- People manager, team player and communicative skills.
- Open and transparent personality.
