

Super B is a world-class and fast growing producer of unique high-end lithium batteries. Headquartered in The Netherlands with regional organizations in Europe, we supply our batteries to leading OEM's and distributors in the global transport, industrial and energy storage markets.

Super B provides unique starter batteries and these are being used in global leading high performance cars and motorcycles as well as in various industrial applications. Our Intelligent traction and energy batteries enable our customers reliable, independent power supply. They are being used in various applications such as recreational vehicles, energy storage and various vessels.

We have high ambitions in pursuing our goal to become the leading lithium battery developer and supplier in the world! We are a fast-moving and dynamic company. We continuously seeking for new business opportunities and working hard to expand our production and R&D facilities as well as highly motivated experts to support this unique growth.

A KOOLEN INDUSTRIES COMPANY
